TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Peterborough, in the County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the Eleventh day of March next, at eight-thirty of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary for the maintenance of the poor, for the laying out and repairing of the highways, and for all other charges arising within the Town, and appropriate the same.
3. To raise and appropriate such sums of money as may be necessary for the support of the Fire Department and Public Library, and for Memorial Day.
4. To see what sum of money the Town will vote to raise and appropriate toward paying the Town debt and interest.
5. To hear the reports of Agents, auditors and committees, or officers heretofore chosen, and to pass any vote relating thereto.
6. To see if the Town will vote to instruct the Selectmen to appoint a Police Officer, or as many as may be necessary, to preserve order in and about the public places of the Town, and perform other duties as may be required by the Selectmen, both day and night, and raise and appropriate money for the same.
7. To see if the Town will vote to accept legacies and gifts given to the Town in trust by any individual or individuals.
8. To see what sum of money the Town will vote to raise and appropriate toward the support of the Monadnock Region Association or take any other action relating thereto.

9. To see what sum of money the Town will vote to raise and appropriate toward paying for electricity, both for power and lighting purposes, to be used at the new swimming pool on Union Street.

10. To see what sum of money the Town will vote to raise and appropriate for the suppression of Gypsy Moths, or any other insect pest.

11. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) for the use of the Town History Committee.

12. To see if the Town will vote to place in the Capital Reserve Fund, the sum of One Thousand Dollars (\$1,000.00) from the Water Department receipts to be used for major repairs and maintenance of the Town Water System in the future, or take any other action relating thereto.

13. To see what sum of money the Town will vote to raise and appropriate toward the support of the Peterborough Band, or take any other action relating thereto.

14. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to rebuild Grove Street from Vale Street to a point opposite the Texaco Bulk Station, providing the state of New Hampshire gives \$20,000.00 to complete the same, or take any other action relating thereto.

15. To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred Dollars (\$1,500.00) to construct a road in the Town right of way located in West Peterborough and known as "Overseers Row", or take any other action relating thereto.

16. To see if the Town will vote to raise and appropriate the sum of Twenty Five Hundred Dollars (\$2,500.00) for the construction of a new highway, on the Town right of way, between Cheney Avenue and Wilton Road, or take any other action relating thereto.

17. To see what sum of money the Town will vote to raise and appropriate for the extension of the Town Water System from a point opposite the Junction of Concord Street and Sand Hill Road to a point near the North Peterborough bridge, via Sand Hill and Old Street Road or take any other action relating thereto.

18. To see what action the Town will take toward installing and maintaining a community Christmas Tree and to see what

sum of money the Town will raise and appropriate for the same, or take any other action relating thereto.

19. To see if the Town will vote to raise and appropriate the sum of Nine Hundred Eighty Dollars and Thirty-Five Cents (\$980.35), provided the State gives Three Thousand Nine Hundred Twenty One Dollars and Forty Cents (\$3,921.40) for road maintenance and construction of Class Five Highways.

20. To see what sum of money the Town will vote to raise and appropriate toward paying for a new automatic electrically wound Town clock to replace the present one which is broken, or take any other action relating thereto.

21. To see what sum of money the Town will vote to raise and appropriate toward the purchase of a Police Car to be used by the Town Police Officers in pursuance of their duties, or take any other action relating thereto.

22. To see if the Town will vote to raise and appropriate a sum of money to install a heating system in the new Town Garage, or take any other action relating thereto.

23. To see what sum of money the Town will vote to raise and appropriate to regrade Cheney Avenue at the intersection of Old Street Road and Cheney Avenue, or take any other action relating thereto.

24. To see if the Town will vote to raise and appropriate a sum of money to place Street Signs at the Intersections of our Town Highways, or take any other action relating thereto.

25. To see if the Town will vote to raise and appropriate a sum of money to install fire escapes and snow hooks on the Town House, or take any other action relating thereto.

26. To see if the Town will vote to accept by gift or purchase from the School District, the land and building known as the West Peterborough School House, for the purpose of providing a headquarters for the Peterborough Memorial Post No. 3928, Veterans of Foreign Wars, raise and appropriate money for the same, or take any other action relating thereto.

27. To see if the Town will vote to instruct the Moderator to appoint a committee of three representative citizens to meet with the officials of the American Guernsey Cattle Club and make recommendations as to the advisability of moving the Fire Station to a new location.

28. To see if the Town will vote any sum of money to be used toward the purchase and building of an airport in Peterborough, or take any other action relating thereto.

29. To see if the Town will vote to authorize the Cemetery Committee to require a Trust fund of One Hundred Fifty Dollars (\$150.00) per lot to be paid for perpetual care, at the same time as payment is made for graded lots in restricted areas of Pine Hill Cemetery as determined by the Cemetery Committee, or take any other action relating thereto.

30. To see if the Town will instruct the Selectmen to acquire by gift or purchase a piece of land to be presented to the State for the location of a State Armory, provided the State or Federal Government builds and maintains the same or take any other action relating thereto.

31. To see if the Town will vote to instruct the Moderator to appoint a (Permanent) Planning Board for the Town. This Board to consist of three(3) members, or take any other action relating thereto.

32. To see what sum of money the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

33. To see if the Town will transact any other business that may legally come before this meeting.

Given under our hands and seal this 24th day of February in the year of our Lord, Nineteen Hundred and Forty-Seven.

Richard Allen Day
 Carey A. Walbridge
 Walter S. Packard
Selectmen of Peterborough

A True Copy of the Warrant—Attest:

Richard Allen Day
 Carey A. Walbridge
 Walter S. Packard
Selectmen of Peterborough

BUDGET OF THE TOWN OF PETERBOROUGH, N. H.

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1947 to December 31, 1947, Compared with Actual Revenue and Expenditures of the Previous Year January 1, 1946 to December 31, 1946.

REPORT OF THE BUDGET COMMITTEE

1947

During the war years the Budget Committee stressed economy and the elimination of unnecessary expense, in anticipation of the rising costs and accumulated requirements which would inevitably confront the town during the period of readjustment to peace. The town's tax rate for 1947 will reflect increased costs and the expense of work the necessary postponement of which resulted in the abnormally low rates of 1942-1945. The only recourse of the town is to be vigilant over the management of its routine affairs and critical of the adoption of new projects, approving the latter only upon being satisfied of their value to the town in relation to cost.

The Budget Committee has considered the requirements of the town in meetings held with the School Board, the Selectmen, the Highway Agent, and the Chief of the Fire Department. In general, the Committee approves the budgets proposed by the School Board and Selectmen.

The proposed budget of the School Board, upon analysis, demonstrates the results of careful study, thoughtful foresight, and conscientious attention to the requirements of the School District. The Budget Committee approves this budget as presented. It is believed that the recommendations as to retroactive increases of salaries for the fiscal year 1946-1947, to be continued for the fiscal year 1947-1948, are well advised as essential to the satisfactory conduct of the schools. The deficiency appropriation requested by the School Board for the current fiscal year represents an excess of expenditures over anticipated requirements and the increase in salaries.

The excess of expenditures results from the fact that the School District had to pay, out of its current budget, obligations incurred in excess of funds in the year 1945-1946. The alternative to raising and appropriating money to cover this deficit is to curtail expenses for the current year by an early closing of the schools, an obviously undesirable course. The Budget Committee, in recommending the deficiency appropriation, wishes to stress the importance of carefully budgeting the financial requirements and then of keeping expenditures within the amount raised and appropriated.

After making a thorough study of the proposal advanced for expansion of the present facilities of the high school and of alterations to the building, the Budget Committee recommends that no action be taken upon this proposal. All expenditures for the improvement of present buildings or the construction of new buildings should be delayed pending the development of a program based upon a comprehensive study of all of the requirements of the District. The plan now presented may be con-

sidered an initial step in the development of such a program, but by itself it is inadequate and of doubtful value. Its adoption at this time would seriously jeopardize the satisfactory solution of the fundamental needs of the District. The Committee recommends that the study of the requirements of the School District in relation to its buildings be intensively prosecuted to the end that the District may make an intelligent decision based upon adequate information.

The Committee recommends that funds for the rebuilding of Granite Street be re-appropriated and that funds for the rebuilding of Grove Street be raised and appropriated. The Committee also recommends that the town raise and appropriate a sum not to exceed \$1500.00 for installation of a heating plant in the town garage. Investigation by the Committee discloses that this figure should amply provide for the entire cost of this project.

It has been the policy to appropriate money for new road construction only when buildings to be served by the road have been constructed and are occupied. For this reason, and in accordance with the prior action of the town, the Committee is opposed to the making of any appropriation for the construction of Lookout Hill Road. The Committee does, however, recommend the appropriation of \$1500.00 for the construction of Overseers Row, which is needed to serve houses already located in that part of West Peterborough.

A proposal for the use of Class V funds for the construction of Overseers Row has come to the attention of the Committee. While it is probably true that this road may be considered to be a Class V road, the Committee is of the opinion that Town Road Aid should not be used for this kind of construction, but should be devoted to the repair of town roads outside of the compact part of the town.

The Selectmen propose to request an appropriation of about \$500 for the installation of new street signs. The Committee has examined the proposed signs and is not impressed by the design of the samples. Furthermore, the Committee considers that this project can be more economically and appropriately accomplished by the use of less pretentious wooden signs. This work is logically a function of the Highway Department, and the necessary funds should come from the appropriation made for the repair of town highways.

The Budget Committee points out that the duty of the Highway Agent is the maintenance of highways of the town and that equipment purchased by the town is provided for this purpose. It is felt that all work on private property should be discouraged except in cases of emergency and instances where no other facilities are available locally for doing the work in question. In such cases the Budget Committee recommends

that only the Selectmen should have power to authorize such work at prices equal to those prevailing among private contractors.

After consultation with the Chief of the Fire Department, the Committee is of the opinion that no appropriation for the purchase of new equipment by the Department is required this year.

It is understood that a proposal may be presented for the insulation of the roof of the Town House. The Committee considers that the value of such a project is not sufficiently indicated to justify an expenditure for this purpose. Under the present condition of the roof, snow does not rapidly melt, but slides off in great quantities. The Committee believes that the proposal of the Selectmen to equip the roof with projecting spikes will correct the dangerous situation now prevailing.

The Committee is unable to recommend the appropriation of \$4000.00 for construction of an airport, because of the absence of information concerning the acquisition of land for this purpose.

It has been brought to our attention that an appropriation of \$1600.00 will be asked to provide for the purchase of a new police car. The Committee favors this proposal in view of the present lack of any transportation facilities for the Town Police Department other than the present Chief's personal car, which is not always available and which the present Chief should not, in fairness to him, be compelled to use for this purpose.

In its studies, the Budget Committee has again observed instances of expenditures made or promised without due authority or pressure of necessity and expenditures in excess of the appropriation made. The Committee calls attention to the fact that expenditures not authorized and expenditures in excess of appropriation should be limited to emergencies which cannot wait action by the town. Otherwise there is little purpose or value in making specific appropriations at town meeting.

EARL W. WYMAN, Chief

Report of Adams Playground Committee

The 1946 season of activity at the Adams Playground was highlighted by the return of organized baseball. The local team, managed by Larry Bishop, played a busy season, both on the playground field and with neighboring towns.

In early spring considerable work was accomplished on the baseball diamond and outfield. From several years lack of adequate care necessitated by war conditions, the field was brought back into good condition. Throughout the summer it was thoroughly mowed, and actual use was responsible in considerable measure for the gradual disappearance of humps and stubble until a reasonably smooth field was attained. It compared well with diamonds in other towns, and in fact brought much favorable comment from visiting teams. Greatly to be desired is the filling of the left field, which project is in prospect for the coming season. Also to be considered is the building of more adequate seating capacity, with cover protection from the sun and heat. Whether or not there will be sufficient use of the field to warrant this expense and maintenance is a subject open for comment.

Supervising the activities for boys and girls on the playground was Mr. Richard Trufant. Mrs. Lawrence Carll was in charge of the crafts, and notably successful. It was unfortunate that a program so well founded was necessarily curtailed when it became urgent that the grounds be closed to the public three weeks before the end of the season. The high number of poliomyelitis cases in the state, as well as a local case, made this precaution advisable both at the Playground and the Pool. Assisting Mrs. Carll was Miss Mary Bellows, and the addition of tools and craft equipment made possible a program of interest and incentive to the young people.

The Peterborough Pool was ably staffed by Miss Louise Rundlett, Mr. Harold Streeter, and Mr. Vernon Dube, with assistants when necessary. Considerable progress was made in swimming instruction, water safety, etc. Again, it was regrettable and greatly disappointing that the season had to end prematurely and could not terminate in the state swimming meet so eagerly anticipated by the swimmers. The grounds at the Pool which had become overgrown and in poor condition were improved. The State Department of Recreation authorized a sizeable sum of money for this purpose, and furnished a power mower to assist in maintaining the property. Further improvement will be sanctioned this year, so that the grounds and equipment can be in first class shape and a source of pride to Peterborough citizens.

It will be noted that the Adams Playground Committee spent considerably less than its appropriation. The short season was partly responsible, added to the fact that anticipated improvements were somewhat curtailed on what we trust was good judgment. The appropriation for 1947 will be handled in the same manner toward adequate equipment and facilities, capable personnel, and a good baseball playing field.

Respectfully submitted,

BELAND H. PEIRCE
for the Adams Playground Committee

ERNEST B. G. PIGGOTT
CHARLES M. CUMMINGS
LIONEL G. JESSOP
Trustees of Trust Funds

January 25, 1947.

We, the undersigned, Auditors of the Town of Peterborough, New Hampshire, hereby certify that we have carefully examined the foregoing Report of the Trustees of Trust Funds of the Town of Peterborough, pages 1 to 16 inclusive, and found it correctly cast and properly vouched.

THOMAS S. NICHOLS, JR.
THOMAS C. RODGER
Auditors

		\$3,133 61
Net amount paid by Town of Peterborough		\$3,133 61

ERNEST L. WHITE, Overseer

Report of the Librarian of the Town Library

TO THE TRUSTEES OF PETERBOROUGH TOWN LIBRARY

Herewith is presented the report of the librarian for the year 1946:

TOWN LIBRARY

Number of volumes purchased during year	702
Number of volumes acquired by gifts during year	123
Number of volumes discarded during year	62
Number of volumes now in library	26,365
Number of volumes circulated during year	20,424
Number of pictures circulated during year	152
Number of volumes repaired during year	96
Registrations during year	264
Reading room attendance	4,359
Periodicals and newspapers bought for reading room	60
Periodicals and newspapers given to reading room	18

Appreciation is hereby expressed to the following friends of the library who have remembered it with gifts of books, magazines and flowers:

Books: Mrs. Robert C. Craig, Miss Martha E. Cutler, Miss Rebecca Denison, Mrs. H. D. Gilbert, Girl Scout Association, Mrs. Amy Golder, Mrs. William G. Hunter, Miss Esther Jackson, Professor Robert Jackson, Mrs. Lionel Jessop, Mrs. Harrison Kimball, Mr. W. L. MacDonald, Mrs. William McGreal, Rev. James McKee, Joan Sears, Secretary of State, Union Congregational Church, Harriet Wilson, Mr. John Yelland, Mrs. William LeRoy Young.

Extra magazines: Robert C. Craig, Miss Lucy Blair, William Mack, Rev. James McKee, Professor Carleton A. Wheeler.

Flowers: Miss Martha E. Cutler, Mrs. Arthur E. Goyette, Mrs. William G. Hunter, Miss Anna Jaquith, Mrs. Katie Nichols, Miss Etta Smith, Mrs. Fred Waite.

The value of a library is where "the hungry may eat and be filled at a banquet spread by the greatest geniuses of the world, without money and without price."

In July during the MacDowell Festival and Pilgrimage, the library had a large exhibition of books and music by the colony people. We also had prize scrapbooks and articles done by the Harmony Club, Junior Division of Massachusetts Federation of Music Clubs.

During Book Week in November we had our usual exhibit of children's books at the Public Service store. Among those shown were children's books in the Russian Language; these and the panel exhibit which told the picture story of the children of China were very unusual. Miss Jaquith visited the Central school and some of the grades visited the library.

A large number of books for supplementary reading have been loaned to the different grades, and the bus pupils in the grades have been allowed one day a week to come for books at the library. This we feel has been one of the outstanding improvements with the schools. The New York Times is again being sent up to the High school.

If any one has not sent in the records or photographs of their men in the service, please do so, as we are still working on the project.

Let no one, who lives in the land where free public libraries are within the reach of all, talk about lack of opportunity.

Respectfully submitted,

MARTHA E. CUTLER
Librarian

AUDITORS' REPORT

February 8, 1947

We have examined the accounts of all the Town Officials as required by law, and find them to be correctly cast and properly vouched.

THOMAS C. RODGER
 THOMAS S. NICHOLS, JR.
 GUY C. LITTLE
 Town Auditors

SCHOOL REPORT

PART I. ADMINISTRATION AND ORGANIZATION

A. Officers of the School District

Moderator, EARL N. SHULTZ

Clerk, HELEN A. KEENAN

School Board

WILLIAM L. MACDONALD	Term Expires 1947
MARY A. MORSE, Chairman	Term Expires 1948
WINSLOW C. MORSE	Term Expires 1949
Treasurer, ROBERT W. DERBY	

Auditors

VERNON E. TOWLE

CLARENCE W. GREENIE

Superintendent of School, LESTER B. BADGER

Truant Officer, FLETCHER E. DOLE

Census Taker, HELEN A. KEENAN

School Physician, THEODORE H. LEE, M. D.

School Nurse, OLA M. MYHAVER, R. N.

B. Administrative Problems

In this report no effort is made to give other than statistical information regarding schools prior to July 1, 1946, the date of the change in superintendents. The two major problems facing the school board and superintendent in this Supervisory Union this present school year were, and still are: (1) the procurement of competent teachers to fill vacancies, and (2) the immediate and long term improvement of badly deteriorated school buildings and equipment. Problems of slightly less magnitude but of grave importance that have already received much careful attention and need much further study are: (1) guidance of teachers lacking experience and/or training toward more efficient instructional procedures, (2) the development as a cooperative effort of teachers, superintendent, interested laymen, and school boards of a more wisely planned educational program, (3) the procurement of properly selected instructional material, (4) the improvement of pupil records and accounting, (5) the development of a less time consuming and more easily understood financial accounting system, and (6) the development of a better informed public opinion regarding local educational problems and conditions. Some of these problems will be discussed under the appropriate sections of this report.

PART II. INSTRUCTION

A. Teachers as of January 31, 1947

Teacher	High School Position	Enrollment	Training	Yrs. Exp.
Faunce, Gerald H.	Hdm. & Jr. H. Math.	9-12	R. I. State '28	18

			Kgn. Trg. '20	26
Goddard, Willis	Music Grade 1-12		Keene T. C. '30	9
				443

In Part I of this report it was stated that the procurement of competent teachers is one of the major problems of the school administration this year. Since the publication of last year's report nine different teaching positions have had to be filled. Two of these had to be filled a second time before September, and one a third time on December 1, making a total of twelve different teachers to obtain. Three of these vacancies occurred just as schools were about to open, one of them the opening morning. The task of obtaining qualified teachers to fill these vacancies with the present extreme scarcity has been exceedingly difficult and time consuming. It is interesting to note that every teacher now employed has been specifically trained for the teaching profession and only one is without prior teaching experience of at least one year. The average number of years of teaching experience of all teachers is 9.4 years.

B. Programs and Methods

Headmaster Faunce in another part of this report has commented upon the changes made and contemplated in the high school program of studies.

At the Central school the reading system already in use has been continued and all materials purchased have been to supplement it. Considerable time has been spent by teachers and superintendent at a series of teachers' meetings in the study of fundamental educational objectives and methods. The programs in social studies, science and health particularly need much continuing study.

PART III. FINANCE

A. Annual Report of District Treasurer

Fiscal Year Ending June 30, 1946

Cash on hand June 30, 1945 (Treasurer's bank balance)		\$ 5,415 39
Received from selectmen:		
Appropriations for current year	\$53,606 00	
Dog Tax	397 38	
Received from State Treasurer	275 75	
Received from all other sources	7,496 93	
Total Amount Available for Fiscal Year (Balance and receipts)		\$67,191 45
Less School Board Orders Paid		67,064 73
Balance on Hand as of June 30, 1946 (Treasurer's Bank Balance)		\$126 72

July 5, 1946

ROBERT W. DERBY, District Treasurer

Auditors' Certificate

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Peterborough N. H., of which the above is a true summary for the fiscal year ending June 30, 1946 and find them correct in all respects.

July 10, 1946

CLARENCE W. GREENIE
VERNON E. TOWLE, Auditors.

B. FINANCIAL REPORT OF THE SCHOOL BOARD

For the Year Ending June 30, 1946

RECEIPTS

Federal Aid		\$ 275 75

Auditors' Certificate

This is to certify that we have examined the books and other financial records of the school board of Peterborough of which this is a true summary for the fiscal year ending June 30, 1946, and find them correctly cast and properly vouched.

CLARENCE W. GREENIE
VERNON E. TOWLE, Auditors.

August 2, 1946.

C. SCHOOL BOARD'S ESTIMATE FOR 1947-1948**PETERBOROUGH SCHOOL DISTRICT**

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1947.

Detailed Statement of Expenditures

Support of Schools:	*1946-47	1947-48
Teachers' Salaries	\$39,933 00	\$44,200 00
Text Books	2,400 00	1,300 00
Scholars' Supplies }		1,740 00
Flags and Appurtenances	20 00	20 00
Other Expenses of Instruction	400 00	415 00
Janitor Service	3,335 00	3,750 00
Fuel	2,000 00	2,700 00
Water, Light, Janitors' Supplies	1,400 00	1,330 00
Minor Repairs & Expenses	1,200 00	2,850 00
Health Supervision	1,100 00	1,250 00
Transportation of Pupils	5,850 00	6,500 00
Other Special Activities	200 00	200 00
	<u>\$57,838 00</u>	<u>\$66,255 00</u>
Other Statutory Requirements:		
Salaries of District Officers	\$ 225 00	\$ 230 00
Truant Officer & School Census	35 00	35 00
Superintendent's Excess Salary	675 00	1,075 00
Per Capita Tax	742 00	786 00
Payment of District Debt	—	—
Payment of Interest on District Debt	—	—
Other Obligations		2,749 00
Expenses of Administration	850 00	
Insurance	575 00

Other Income	300 00	30 00
Deduct total estimated income (above items)	<u>\$ 6,500 00</u>	<u>\$ 7,080 00</u>
Assessment required to balance School Board's Budget	\$55,176 00	\$64,050 00

*Repeated from last year's report for purpose of comparison.

Several articles in this year's warrant deal with special appropriations. In Article 9 the voters are asked to take action regarding an appropriation of \$6776 for the operation of the schools for the balance of the present fiscal year ending June 30, 1947. This amount is needed to cover general expenses and commitments, including balance of teachers' salaries on present contracts up to June 30. This need is due to two factors: (1) the failure of the School District Meeting in March 1946 to raise the full amount of the School Board's budget, and (2) unpaid obligations from the 1945-46 fiscal year which had to be paid out of the 1946-47 appropriation.

At the March 1946 School District Meeting the School Board's budget showed that \$55,176 would be required to operate the schools for the fiscal year 1946-47. Because the latest printed treasurer's report showed a balance of \$5415 as of June 30, 1945, of which \$1,000 was earmarked for the Sackett Survey, it was mistakenly assumed that this balance would again be available on July 1, 1946, that is the start of the 1946-47 fiscal year, and as a result of this misunderstanding, the request of \$55,176 was amended to \$51,000. Actually, at the start of this fiscal year, July 1, 1946, the treasurer had a balance of but \$126 and there were approximately \$2,600 in unpaid obligations. Thus the \$4,176 the District did not raise at the March 1946 meeting to meet the 1946-47 budget is now required to complete the year, plus the \$2,600 of unpaid bills from the 1945-46 fiscal year, making the \$6776 previously mentioned.

The \$2,600 deficiency from the 1945-46 fiscal year was mostly due to a number of items that overran original estimates because of higher prices, and partly due to several unforeseen expenditures that were necessary. A deficiency appropriation might well have been asked for by the School Board at the March 1946 meeting to cover this \$2,600, but at that time the School Board had every reason to expect they would be authorized to sell the West Peterborough Schoolhouse, the proceeds from which would have covered the deficit; but at the special district meeting held on July 17, 1946 the Board was not authorized to sell this property.

In Article 10 the \$4,654 asked for increases in all teachers' salaries for the present year is principally to offset the increased cost of living since the signing of contracts in May 1946. There has been much publicity given the inadequacy of teachers' salaries in newspapers, magazines, and on the radio. With this background and with the rapid increase in living costs last summer and fall after the signing of contracts it would seem that the district had an obligation to consider the matter of a salary adjustment. Many towns and cities have already made such adjustments, the amounts varying greatly. The School Board believes \$250 for each full time teacher is a reasonable adjustment and so recommends to the School District.

Article 11 is for an appropriation of \$600 for new equipment. In the headmaster's report he recommends that a few greatly needed items of equipment be procured for high school use. At the Central School there is a real need for a sound movie projector of their own to make the continual use of educational films possible. \$600 is not expected to meet all of these needs but it would provide a significant step towards that goal. It might be possible and advisable at this time for the District to authorize the use of a portion of the Nichols Fund for this purpose.

Article 13 which deals with the matter of retirement benefits for School District employees other than teachers, is much more important than the amount of the appropriation requested (\$315) would seem to indicate. The acceptance by the District of the two articles dealing with this matter will make it possible for the school janitors, and the superintendent's secretary to receive retirement benefits similar to those now provided by law to teachers, superintendents and employees of the State. These two classes of district employees are now denied the protection benefits of social security as well as any retirement provisions. The cost to the District of the retirement plan for these people would average about six percent of the full annual salaries of the janitors and of that portion of the total salary of the secretary paid by Peterborough. In case of retirement after the age of 65 years and after 35 years of service the employee would receive annually one-half of his average annual salary for the last 5 years of employment. If he had been employed by the district less than 35 years when he retired, he would receive that part of the above amount that the number of years of service were of 35.

Article 14 is explained by the report of the committee appointed to study school facilities which constitutes Section D, Part V of this annual report.

PART IV. CHILD ACCOUNTING and STATISTICS

A. Roll of Honor for Attendance

The following fifteen pupils were neither absent nor tardy during the school year ending June 30, 1946: Patricia Bailey, Carola DesChamps, Frederick Dube, Lloyd Glidden, Jean Guinard, Frederick Knight, Theresa LaFontaine, Carl Leeman, Irene Legere, Donald Myhaver, Phyllis Myhaver, June Pasquerella, Francis Ryan, Betty Lou Shattuck, and Bruce Weston.

B. Statistics for the Year Ending June 30, 1946

	High	Elem.	Total
Number of pupils registered	156	309	• 465
Average number of half-days schools were in session	346	346	346
Average membership	147.73	278.39	426.12
Average attendance	141.65	262.66	404.31
Aggregate number half days all pupils were in school	49,010	90,889	139,899
Per cent of attendance			94.88
Average number of half days each pupil was in school	331.75	326.48	328.30
Pupils not absent nor tardy			16
Cases of tardiness			685
Average number of tardinesses per pupil			1.61
Non-resident pupils	63	7	70
Pupils transported at district expense	37	112	149
Visits by superintendent			373
Visits by citizens			381
Visits by school board members			27
Meetings of school board			20
Number of pupils promoted	141	263	404
Number not promoted	7	15	22
Per cent not promoted	4.7	5.7	5.5

PART V. AUXILIARY ACTIVITIES AND SPECIAL REPORTS
A. Report of the Headmaster Gerald H. Faunce**Teaching Staff**

Probably in no period in American educational history has there existed the critical shortage of well trained and experienced teachers that we face today; and yet, in spite of this condition, it is my feeling that Peterborough may well congratulate itself in having a high school faculty whose educational experience, training, understanding of children, loyalty, and effort are of such a high caliber. Arguing on the premise that no school is any better than its teachers, it would appear logical to make teaching in Peterborough so attractive, through the provision of those necessities which make this type of work most satisfying, as to substantially reduce the excessive turnover which has been prevalent.

Enrollment

The total number of pupils registered in the High School on September 1, 1946 was 165, of which 94 were boys and 71 were girls. In the Jr. High School 62 pupils were registered, of which 27 were boys and 35 were girls. The enrollment was distributed by grades as follows:

Junior High School				Senior High School				
Grade	7	8	Total	9	10	11	12	Total
Boys	16	11	27	44	18	17	15	94
Girls	23	12	35	17	20	18	16	71
Total	39	23	62	61	38	35	31	165
Total in Junior and Senior High School								227

Tuition Pupils 1946-47

Tuition pupils attending Peterborough High School this year total 59. They are classified below as to districts:

Bennington	8	Greenfield	5
Dublin	27	Hancock	2
Fracestown	2	Harrisville	11
Rindge		2	

Graduates of the Class of 1946

Bergeron, Charles; Black, Edward; Black, Marjorie; Bunce, Helene; Bowler, Maurice; Burt, Joan; Caldwell, Elizabeth; Clark, Thelma; Crowell, Paul; Cuddihee, Lawrence; Dart, Sylvia; Dube, Frederick; Emery, Henry; Emond, Leonard; Fairfield, Alice; Keough, Corrine; Knight, Arline; Niemela, John; Peters, Joan; Pickford, James; Proctor, Beverly; Putney, LeRoy; Rajaniemi, Alene; Record, Jacqueline; Reynolds, Louise; Scott, Mary Lou; Skinner, Richard; Spaulding, George; Stanghellini, David; Thomas, Sylvia; Traxler, Cynthia; Weston, Harriet.

Upon my assumption of the duties of Headmaster of Peterborough High School I was under no illusions as to the limitations of its educational offerings or plant efficiencies. The very able and forthright report of the survey of the school as made by many of our disinterested citizens, acting under the guidance of Dr. Sackett, of the University of New Hampshire, has served me as an excellent guide towards a better understanding of what we should have or do in our school. It has further enlightened me as to the tremendous difficulties under which some of our former headmasters have labored—difficulties under which I too must work in my attempts to provide an adequate education for the children of Peterborough and its surrounding towns.

Summarizing their study of the High School plant, the members of the survey committee made the following statement: "The entire plant is not fitted to administer a modern curriculum geared to the abilities, needs, and interests of the youth of Peterborough." From such a pronouncement it might be inferred that a majority of our inadequacies may be directly traceable to the obstacles which must be overcome in the building itself—an inference which I am ready to substantiate after only four months of occupancy. The crowded typing room, the lack of bench and storage space in the laboratory, the confusion and dangers inherent in the inadequate shop, the limitations in the small home economics room, the absence of a real library, and the factors making it impossible to carry on a school lunch program, are only a few of the barriers impeding our efforts. Action on the part of the faculty to solve the resulting problems is beyond our capacity. The solution rests entirely with the citizens of Peterborough.

On the positive side, however, considerable effort has been expended with good results in an effort to remedy existing faults and to institute suggested supplements to a revised program.

At the beginning of the school year the entire curriculum was studied and a proposed long-range revision of offerings was adopted by the Peterborough School Board and the State Board of Education. The new program will, upon maturity, include the following features: Four years each of English, Social Science, Mathematics, Physical Science, Commercial Subjects, Home Economics, and General Shop. Three years each of French and Latin. The curriculum embraces what is commonly known as the "Constants with Variables program," meaning that such courses as English and United States History are required, while all others may be chosen by the pupil under guidance. Such a program enables each boy or girl to follow a course of study which best meets his or her interests and abilities.

The interest in instrumental music as evidenced by the pupils and the survey committee, has led to the introduction of instruction on wind instruments. This activity is carried on during free school periods by Mr. Eddie Hamilton, a very competent and well trained musician. Although approximately twenty-five pupils are taking advantage of this opportunity, it is unfortunate that funds cannot in some way be provided to assist the pupils financially in securing instruments and in paying for their lessons and music. Should such aid be forthcoming, a much larger percentage of pupils would undoubtedly benefit by the program. Mrs. Goddard, the music supervisor, is also working one period a week with a group of pupils interested in stringed instruments.

Through the cooperation of Mr. Kenneth Jewett of the Sharon Arts Center we have been fortunate in obtaining the

services of Mrs. Albert D'Orlando, a very capable instructor, and we have inaugurated a course in Art. This valuable study, like that in instrumental music, is financed by the pupils as an extra-curricular activity. The class meets for a three-hour period each Tuesday afternoon.

The academic schedule is based on an eight period day, allowing nearly all of the pupils an activity or home-room period. It is during this period that much of our extra-curricular work is carried on. Music Appreciation, String Orchestra, Class Meetings, the Aeronautics Club, the Dramatic Club, the Art Class, and the Jr. and Sr. Cheer Leading Squads are among those groups taking advantage of this period.

To further meet the suggestions of the Survey Report, Mr. Michaud is doing exemplary work in refurbishing and applying safe-guards in the all-too-small shop. Mr. Lambe and Miss Shinkivich are supervising Physical Education for the Junior High School pupils, and have arranged basketball games and class socials for that particular group as added extra-curricular features. Several types of recording machines have been demonstrated at school with the view of purchasing the most satisfactory type from school activity funds for the use of the English, Foreign Language, and Music Departments. A new mimeograph machine has been added to the Commercial Department for the use of the Office Practice class. In an effort to enrich our audio-visual program, Miss Hancock and Mr. Bertrand have been attending an extension course each week in audio-visual aids which is sponsored by the University of New Hampshire.

Recommendations

As I have previously mentioned, action on the part of the citizens of Peterborough is essential if those underlying inhibitions to a sound high school program are to be removed. I would therefore make the following recommendations:—

1. That a careful review and study be made of the Survey of the Schools of Peterborough.

2. That the recommendations of the committee appointed to study the remodeling of the present High School be adopted in as much detail as possible.

3. That such additional equipment be added to the various departments of the school as will make their instruction adequate: a calculating machine and a transcribing machine for the Commercial Department; a radio-phonograph for general school use; a greater supply and variety of tools for the Shop; new storage cabinets for the Science Laboratory and the Home Economics department.

4. That some method be worked out to offer training in Instrumental Music and Art on a free basis.

5. That the area in the rear of the building be leveled off and prepared as an out-door play space.

In conclusion, I wish to express my appreciation to the superintendent, to the School Board, the teachers, and the pupils, all of whom have materially assisted and cooperated in making of Peterborough High School an institution of which we can be proud.

B. Report of the Principal of the Central School

Esther F. Teed

The enrollment at the Central School is much larger this year than for many years, due largely to the closing of the West Peterborough school. On January first we had two hundred and eighteen pupils enrolled. Four of these are tuition pupils from Sharon.

Our regular routine is carried on much as stated in my last reports. Children are receiving cod liver oil, milk and crackers as usual.

Our noon hour is still one of our greatest concerns. We are adding more tables and chairs to our already crowded lunch room to take care of those who must or for some reason stay at school at noon.

Again this year we had several changes in the teaching staff—Miss Baab is still with us as Mrs. Crittsinger. Miss Flagg is our second grade teacher, taking the place of Miss Betts who left to accept a position on Long Island, New York. Mrs. O'Malley and Mrs. Barker are with us again this year. Mrs. Trufant is teaching the fifth grade and Mrs. Warren grade six. I sincerely hope that our present staff can remain with us for several years as much skill in teaching is displayed by all of our teachers and more and more can be accomplished with the same personnel to carry on from year to year.

I explained, rather at length, in my last report, my aim as to continuity of subject matter through the grades. We have introduced our new science program this year by the use of, "The Curriculum Foundation Series-Basic Studies in Science"—published by Scott Foresman and Company. The children as well as the teachers have received this series very enthusiastically and I believe much will be accomplished in science on the elementary level. All grades have this text except the sixth. These books are on order and will be supplied as soon as they are available.

A new system of spelling is being used throughout the six grades, "The Pupils' Own Vocabulary Speller" by Gates,

Rinsland, Sartorius, and Peardon. This series is the result of much study and research. It correlates closely with the Gates reading system, making both reading and spelling more effective. We are receiving excellent results through its use.

There is a great need now for geography and history texts, in the fourth, fifth and sixth grades. A social science program which would combine these two subjects might be desirable in this field.

The Gates system of reading has been in operation for three and one half years now. The Durrell Sullivan Reading and Capacity Tests, which were given in November, show a gratifying gain both individually and collectively by grades. Naturally the greatest gain is in the upper half and quarter of the classes. Many children are reading on a level two or three grades ahead of their grade placement.

The Word Study program has improved the spelling by giving the children ability to spell words through sound without depending entirely upon memory.

As stated in a previous report an art supervisor could do much to enrich our art work. This is a very definite lack in our curriculum and should be remedied as soon as possible.

Our testing program is planned as formerly, i.e. the Otis Intelligence Test will be given in grade one in May; in grades two and four in December. The Durrell Sullivan Reading and Capacity Tests will be given in grades three through six in November and April. The Metropolitan Achievement Tests will be given in all grades except the first in January and in all grades in June. This is a very complete testing program and all tests used are standardized. Only through such tests can a child's ability and accomplishment be measured and compared with those of children throughout the country.

The form of report card to parents formerly used has become less and less meaningful. A report of the development of habits and attitudes which make for good, reliable, substantial citizens is much more desirable than the old A-B-C-D or E in the various subjects. Letters and per cents given to children on the elementary level mean very little. It is hoped that we can prepare a type of report which will be much more satisfactory to all concerned, the parent, the child, and the teacher, than the old type which really means so very little.

Two of our teachers, Mrs. Crittsinger and Mrs. Barker, are taking a Visual Aids, University Extension Course given in Nashua by Mr. Olney, Director of the Audio-Visual Department at the University of New Hampshire. This course carries two points of college credit and should give much information as to the latest in audio-visual materials and methods. Mr. Barker has very kindly put two of our visual-aid machines in working condition and has offered to fix up another for showing film strips. May I take this opportunity to thank Mr. Barker for

his interest and help in the visual aid program. We hope in the near future to equip a visual-aid room on the third floor. This will allow any teacher to use the room without disrupting the fifth grade which is the only room now supplied with dark curtains. This will be a big step in the right direction. Perhaps sometime we can have a Sound-on-Film-Reproducer so that we will not have to borrow from the High School.

Miss Jaquith made her annual visit to the school during Book Week. Her visits do much to stimulate the children to use the library. We thank Miss Jaquith for her time and helpful sympathetic guidance.

Many fire drills have been given during the fall months. Because of the increased enrollment it takes longer to empty the building this year. The last fire drill took fifty-five seconds, using the stairways and both doors; six minutes and fifteen seconds using the fire escape only.

We appreciate most sincerely the cooperation of our parents who have given us their loyal support during this school year. Only through a mutual, sympathetic understanding between the home and the school, of the problems which confront us can we hope to succeed in training the young lives placed in our care.

C. REPORT OF SCHOOL HEALTH WORK

Theodore H. Lee, M. D.

Ola M. Myhaver, R. N.

The following is a summary of the report of the Medical Inspection Department for the calendar year 1946.

During the year all students at Central School and the majority of students at the High School and Jr. High School have been examined by the Medical Inspector. Vision tests and Hearing tests have been conducted by the school nurse. The latter tests will be checked by the Audiometer in the near future.

All students have been weighed and measured. Notices of defects found have been sent to the parents. Home visits have been made when necessary.

Milk at Central and High School is served under the full charge and direction of the principal.

Cod Liver Oil capsules were begun in Dec. at Central School. This year, The Community Student Health Committee of the P. T. A. thought it advisable to have each child who could pay one cent a day for the service. Many children have taken advantage of the service available for all of the school children. Dental Clinic sponsored by the Community Student Health Fund Committee of the P. T. A. and parents, have been carried on by Dr. Kyes, Dr. Lawrence and Dr. Wilkins. No children have been allowed to go to the clinics without the consent of their parents.

Eye clinics under the above sponsorship have been as usual.

The Tonsillectomy clinics were not carried on last summer on account of the Poliomyelitis (Infantile Paralysis) epidemic in New Hampshire.

First-Aid cabinets have been re-fitted. Accidents, needing first-aid, have been cared for. Health Posters have been made and Health projects have been carried on by the class room teachers. Health inspection, each day, has also been carried on by the class-room teachers.

We have complied with the regulations of the State Board of Health in regard to exclusions from school on account of communicable diseases. There have been some cases of Pediculosis and nits, and skin eruptions. The school nurse has cooperated with the parents to try to eliminate these.

Through the cooperation of the State Board of Health, the Tuberculosis Assn. and the local and State Boards of Education the Tuberculin skin test and x-rays were given under the direction of the Tuberculosis Assn. nurse, Mrs. Aiken, assisted by technicians and the local school nurse. The State Board of Health and the Boards of Education (local and state) cooperated in holding Immunization (Diphtheria) clinics at Central and West Peterborough schools. Inoculations were given by Dr. Morse and Dr. Clark. Mrs. Fahey and Mrs. Hamilton, State nurses were assisted by the school nurse in arranging for the clinics.

Parents have been asked to fill out disease census cards for children entering school for the first time. This report has been recorded on the Health card, filed at the school, for each child by the school nurse.

Shoes, rubbers and clothing have been supplied by the Samaritan Society and the Salvation Army, when necessary.

At this time the Medical Inspection department wishes to express its appreciation to the Superintendent of Schools, the School Board, Principals, teachers, doctors, dentists, eye specialist and others who cooperated and to thank all organizations contributing to and assisting with the Health program.

D. COMMITTEE REPORT

The committee appointed under Article 6 of the 1946 School District Meeting "to study with the help of a firm of school architects the present High School building as to its remodeling and/or expansion to provide the necessary facilities" reports the work accomplished.

Before the first meeting, the High School faculty was asked their reactions to the building. They pointed out the lack of storage space, inadequate lighting both natural and artificial, insufficient number of Home Rooms, and noise due to lack of

soundproofing. Activity in the gymnasium has had to be discontinued because the noise disrupts the class work. The din from the shop is further augmented by the metal lockers in the crowded, narrow corridors.

At the second meeting, Mr. Farnum of the State Board of Education, with the help of Superintendent Badger and Headmaster Faunce, outlined a complete educational program for Peterborough. Mr. Farnum then arranged a tour to five of the most recently built schools in the state. This trip was made by all the members of the committee, together with Mr. Badger and Mr. Faunce and Mrs. Harry Morse who represented the School Board.

At the next meeting representatives of seven architectural firms met with the Committee. The firm of Lyford and Mageau of Concord, New Hampshire was selected. They have designed the Dame School in Concord and are making a survey of all the schools in that city.

Shortly before Christmas the committee met with the other committees appointed by Peterborough and Jaffrey to discuss the practicability of a Consolidated High School serving both towns. At that time, it was announced that Mr. Fuller, the Commissioner of Education for New Hampshire, was hopeful that blanket legislation allowing the consolidation of schools throughout the state, would soon be passed.

Meanwhile, the architects had spent a day in Peterborough with Mr. Badger and Mr. Faunce inspecting both the High and the Elementary Schools as well as the adjacent undeveloped property owned by the School District and which could be utilized in connection with the expansion. Then, in order that definite conclusions might be arrived at, they prepared plan studies and cost estimates of the present High School Building:

- a. Altered and enlarged to give improved facilities for continuing High School use.
- b. Converted into an Elementary School.

Careful appraisals of these two schemes and the existing set-up establish a sound basis for recommendations regarding the building.

Throughout the remainder of the report we quote freely from the Architects' Survey.

The High School was built in 1927 on a nearly rectangular sloping site of 1.06 acres. Although the building is of solid brick masonry with hollow tile back-up and fire-resistant corridors, in all probability a stringent budget required the exterior walls to be plastered direct on the hollow tile, resulting in wet walls which cannot be kept satisfactorily painted; all ceilings to be of combustible wallboard; blackboards to be attached directly to stud partitions, offering practically no resistance to the transmission of sound (in one instance a ruler

may be thrust through a crack from one room to the next); the use of the factory type steel sash so inconvenient to operate or to shade properly and one that brings condensation troubles; the use of concrete floors both noisy and unprepossessing in appearance; and wood floors, hard to maintain, in the classrooms. The heating plant is fairly good, but the exposed piping throughout the building is unsightly, while ventilation and lighting are entirely inadequate.

Over and above these structural deficiencies, the building is not well-designed as to function. For example, the corridors are too narrow, especially with lockers along both sides and with classroom doors opening into them and in front of the stairs; toilets are badly located on ground floor; there is a fire door at one end of the corridor on each floor but it is located too close to the stairs and is held open all the time; the stairway at the other end is not enclosed. This would allow smoke from the ground floor to spread freely into the two upper floors. The inadequacy of locker and toilet facilities makes it impracticable to carry out a physical education program, and their location in the same room is undesirable; there are only five Home Rooms not combined with other special purposes and three of these are sub-standard in size; with enrollment at 225 pupils, it is necessary to use the Home Economics and Commercial Rooms and Study Hall as Home Rooms; the balconies in the Auditorium are too small, are difficult to supervise, and the second exits take valuable space at the stage end; the combined Auditorium-Gymnasium is a common expedient, but both are bound to suffer; the Gymnasium is large enough for intramural activities but not for inter-scholastic sports, and spectator space is lacking.

The site is extremely restricted in size and slopes too steeply to allow any organized play, even if there were space for it. Athletic requirements are met by using the community facilities, an arrangement something less than ideal but reportedly satisfactory, as the distance is not great. The unimproved land to the east of the High School containing about 6.38 acres, would be, according to modern standards, just about the correct size for recreation for an elementary school.

The Sackett Report (Report of the Survey of the Schools of Peterborough, New Hampshire, 1945-1946) points out that the Elementary School scored only 277 points out of a possible 1000 on the Strayer-Engelhardt School Building score card. Such a low rating indicates the building should be abandoned. This leads us to the second basic conclusion: that it is equally necessary to provide better facilities in the near future for the elementary grades.

Thus the two problems are closely related and a proper solution must provide that whatever steps are taken will be towards a complete and satisfactory solution of both of them. There seems to be no good reason for considering a change from

the present organizational set-up of Grades 7-12 in one building and Grade 1-6 in another building, except that a Kindergarten should be added to the latter group.

The two ways which the present High School building can continue to be used for school purposes are:

- a. To continue it as a High School with alterations and additions to provide the necessary facilities.
- b. To convert it to an Elementary School.

As long as the possibility exists of consolidating high schools with Jaffrey, it would be desirable to postpone a final commitment to alternative (a). This would be possible by scheduling the alterations required for improving the High School to fit into the scheme for converting to Elementary uses. The plans, which Mr. O'Malley has at the Town House and which may be consulted by all who are interested, show how this may be done. They show that two classroom wings added to the High School layout are not needed for the Elementary unless the enrollment is increased.

The detailed report of architects showing several methods of solving Peterborough's school problem, part of which is here quoted, is available for study at the office of the Superintendent of Schools.

Using the McLeary Score Card ratings (similar to the Strayer-Englehardt) with a perfect score as a 1000, the existing High School, with two additional classroom wings, which include a shop and adequate locker space, together with the changes scheduled under Interim High School improvements, would rate 720.7. However, serious deficiencies remain, due to limitations of the original design and site, which include the unreasonable cost of the addition of a sufficient number of Home Rooms, increasing the size of the gymnasium and providing for Art and Music, and adding to the present facilities for Science.

The Elementary School, as shown on the plans, would have a rating of 828.5. However, since the plans were drawn, it has been deemed advisable to add a new shop wing two and one-half times the size of the present facilities, for present High School use. This could either be kept as a shop when the building is converted for Elementary School use, or could be converted into extra classroom space, if the need arises. In either case, the score of 828.5 would be raised considerably.

From our studies and the findings of the architects retained, it appears that the present High School is not adequate nor can it be made so without a considerable expenditure of money.

Due to the present high cost of construction, the committee feels that too much should not be attempted at once, but a definite progressive plan should be adopted, so that the present High School may be developed eventually into an Elementary School. The first stage would be adding an adequate shop wing

which would liberate an extra classroom. The building should be fire-proofed as much as is practicable at this stage. The second stage would involve changing over the first and second floors with whatever plumbing, wiring, heating and ventilating is required.

The third stage would be to change over the third floor and gym and complete whatever transitional stages are necessary.

The estimated cost of these three stages is approximately \$72,000 on the basis of present day costs. Each stage could be completed during a summer vacation so that no interference with the school program would result. The funds to be borrowed each year would be only in such amount as is necessary to finance each stage.

We recommend that the school district vote to borrow a sum of money sufficient to carry out these plans.

Respectfully submitted,

ROSELLE WALL RICE, Chairman
MARION G. SHATTUCK

PART VI SCHOOL CALENDAR

1947

September 3	All schools open (Wednesday)
October 13	Columbus Day—Schools closed (Monday)
November 11	Armistice Day—Schools closed (Tuesday)
November 26-28	Thanksgiving Recess—Schools close Wednesday noon.
December 19	All schools close for Christmas Vacation
December 29	Schools reopen

1948

January 1	New Years Day—Schools closed
February 20	Schools close
March 1	Schools reopen
April 16	Schools close
April 26	Schools reopen
May 31	Memorial Day—Schools closed (Monday)
June 18	Schools close

Note: Teachers may attend New Hampshire State Teachers Convention two days and appropriate county and other institutes as scheduled by the State Board of Education, and with the approval of the Superintendent of Schools they may visit other schools one day.

PART VII. SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Peterborough, qualified to vote in District Affairs:

You are hereby notified to meet at the Town House in said district on the eleventh day of March 1947, at eight-thirty o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see if the district will vote to raise and appropriate the sum of six thousand seven hundred seventy-six dollars (\$6,776.-00) as a deficiency appropriation for the school year beginning July 1, 1946 and ending June 30, 1947, or take any other action relating thereto.
10. To see if the district will vote to raise and appropriate the sum of four thousand six hundred fifty-four dollars (\$4,654.00) so that the school board may increase by two hundred fifty dollars (\$250.00) the compensation of each teacher and the school nurse in proportion to his time employed during the school year beginning July 1, 1946 and ending June 30, 1947, or take any other action relating thereto.
11. To see if the district will vote to appropriate the sum of six hundred dollars (\$600.00) from the Nichols Fund for the purchase of new equipment, or take any other action relating thereto.
12. To see if the district will elect and approve the inclusion of its officers and employees (other than those eligible under

the Teachers' Retirement System) in the Employees' Retirement System of the State of New Hampshire, which system is provided for by Chapter 27-A of the Revised Laws, as inserted by Chapter 183 of the Laws of 1945, and as provided by Chapter 201 of the Laws of 1945 and any subsequent amendments thereto.

13. If the district votes in the affirmative on the preceding article, to see if the district will vote to raise and appropriate the sum of three hundred fifteen dollars (\$315.00) for the purpose of providing funds for the district's contribution to said retirement system for the coming year.

14. To see if the district will vote to build a shop wing on the present high school building and to fireproof the building as much as is practical and to raise and appropriate such sums of money as may be necessary, or take any other action relating thereto.

15. To see if the district will vote to authorize the school board to sell the West Peterborough schoolhouse, or take any other action relating thereto.

16. To see if the district will instruct the Moderator to appoint a committee of seven including the members of the school board to investigate the cost, location, and plans for the construction of a new building for the elementary school and of a new building for both the elementary and the high schools, and will raise and appropriate a sum not in excess of five hundred dollars for the employment of architects to assist the committee in its investigation, or take any other action in relation thereto.

17. To see if the district will vote to authorize the School Board to make application for and to receive in the name of the district such advances, grants in aid, or other funds for educational purposes as may now or hereafter be forth coming from the Federal Works Agency or other United States Government or State Agencies.

18. To transact any other business that may legally come before said meeting.

Given under our hands at said Peterborough this seventeenth day of February 1947.

PETERBOROUGH HYMN

A. D. 1620

God our Father!
 Glory, Lord, to Thee!
Before whose voice
 Is mute the thund'ring sea!
Through wind and foam
 Thou lead'st us home—
To Thee be glory through eternity.

Lord, hunger and cold are nigh!
Lord, not for ourselves we cry—
Let not our children die!
Silence your loud alarms
God is our shield from harms—
He will make strong our arms.
Christ, who hath calmed the wave,
Christ will uphold the brave.

Christ, our Saviour!
 Father of our Faith!
To Thee we bring faint hearts and failing breath,
 Be Thou our Guide!
 With Thee we bide,
To love, to labor, and to hope till death!

EDWARD MACDOWELL
